

Dear dog owners,

We would be happy to warmly welcome your well-behaved and house-trained darlings to the Brandstatthof Leogang.

Please bring a blanket for your dog, because the couch and bed are reserved for masters.

We ask for your understanding that we charge the cleaning of contaminated bedding.

We allow ourselves to charge EUR 10.00 per night (without food).

Please note that the grass from the surrounding meadows is used to produce feed for our animals. We therefore ask you not to leave any poop (not even in a bag!) in the meadows! This creates serious diseases in the farm animals.

A dog station is only a few minutes away from the farm.
